### Purpose

The Prior Learning Assessment and Recognition policy establishes principles, standards and criteria for the granting of academic credit for learning gained through non-formal or unrecognized education, training, or experience.

### Scope

This procedure applies to the assessment and recognition of prior learning for students admitted or attending University Canada West in an undergraduate or graduate program. It does not apply to transfer credit for courses taken at a recognized post-secondary institution (see the Transfer Credit policy).

### Policy

UCW recognizes that students come to the University with a variety of backgrounds and learning experiences. Evaluation of prior learning can improve access to and accelerate a student's progress toward completion of a degree or program. UCW will grant credit, where warranted, for a student's demonstrated knowledge and skill that is consistent with the learning outcomes and education standards of the University's courses and programs. The awarding of credit for prior learning must maintain the academic integrity of UCW's courses and programs.

Consistent with Ministry guidelines, UCW adheres to the following principles in the recognition and evaluation of prior learning:

1. Recognition and credit will be given for demonstrated knowledge, skills and attributes and not for experience alone.
2. Learning assessed for post-secondary credit should be:
  - a. linked to established learning outcomes or other criteria consistent with institutional standards for a given course(s) and program
  - b. transferable to contexts other than the one in which it was learned
  - c. current and relevant
  - d. at a level of achievement equivalent to that of other learners engaged in studies at that level in that program or subject area(s)
  - e. assessed using a range of strategies consistent with institutional standards for a given course (see example strategies in Procedures).

3. Some courses must be completed at UCW as part of the degree pathway requirements and are not available for credit from prior learning assessment. A list of such courses is maintained and updated in the PLAR section of the Academic Calendar and on the PLAR request form.
4. UCW accepts earned credit through PLAR assessments from Canadian accredited post- secondary institutions that have verifiable quality assurance standards from recognized organizations such as the Council for Adult and Experiential Learning, the European Union or UNESCO, or other accreditation bodies.
5. The amount of credit awarded for prior learning is granted under the following conditions
  - a. For undergraduate programs:
    - i. No more than 50% of total credits of a combination of transfer credit and PLAR will be granted toward undergraduate degree requirements with no more than 25% of credits being awarded through PLAR.
    - ii. Prior learning credit used to meet the requirements of a previously earned undergraduate or graduate degree will not be eligible for prior learning credit toward a new degree at UCW.
    - iii. Credits toward completion of an Associate degree from a recognized institution in British Columbia, please refer to the Transfer Credit policy. Applicants may be eligible for prior learning assessment towards an undergraduate degree
  - b. For graduate programs:
    - i. Students may receive up to four (4) courses with a combination of transfer credit and PLAR toward degree requirements with no more than two (2) courses granted through PLAR.
    - ii. courses used to meet the requirements of a previously earned credential will not be eligible for credit toward the UCW graduate degree
6. Assessment of the learning is the responsibility of designated faculty who are content specialists.
  - a. The Department Chair(s) will select appropriate Faculty or content specialist(s) to
  - b. review the PLAR request. Conflict of interest will be taken into consideration when selecting the reviewer.
7. Credit given as a result of a prior learning assessment will be identified as such on the student transcript and will not have an assigned grade. PLAR credits are not included in the UCW cumulative grade point average calculation.
8. Fees will be charged for the assessment of prior learning.

### Appeals

The Admissions Appeal Committee reviews all appeals of PLAR. Their decision is final. All appeals must be submitted in writing to the Registrar’s Office by the established deadline.
